DOTTY'S WASHING-MACHINE.

LATELY MUCH IMPROVED-AND THE NEW

Universal Clothes Wringer

Improved with Bowler's Patent Double Cog-

wheels, and the Patent Stop, are now unques-

tionably the best and most perfect wringers

ever invented, and will save the labor and

expense of washing clothes by hand.

Those who have used them give testimony

as follows:

"We like our machine much; could not

be without it, and we are the best of

Doty, we feel that we are masters of the

position."—Rev. L. Scott, Bishop M. E. Church.

"It is worth one dollar a week in any fam-

ily."—N. Y. Tribune.

"In the laundry of my house there is a

perpetual thanksgiving on Mondays for the

invention."—Rev. J. M. C. Caplan.

"Every week has given it a stronger hold

upon the affections of the inmates of the

laundry."—N. Y. Observer.

"I recently obtained it, and it is a source of

time, money, and contentment."—Rev. Dr.

Bellows.

"Fried Doty—Your last improvement at

your Washing Machine has completely suc-

ceeded. I assure you 'our Machine' after a year's

use, is thought more of to-day than ever, and

would not be parted with under any cir-

cumstances."—John Robinson.

"Your Washing Machine has been in daily

use in our laundry, and the housekeeper ex-

presses herself as highly pleased with it. It

certainly accomplishes a greater amount of

work, with less labor, and does not wear the

clothes out so much as the old-fashioned

wringers. By using it, our laundry is

dispensed with."—Wm. M. F. Howard, Sup-

erintendent of St. Catherine's Nursery, N. Y. City.

Prices.—A Fair Offer.
